

“MARBLE ROCK & ITS PEOPLE” - MORE INFORMATION & NEW FORMAT

Since 2002, for a donation, we have distributed “Marble Rock & Its People” CD and subsequently in 2016 a DVD to hold much more material. Between the CD and DVD versions we have approximately 400 in distribution throughout North America. About monthly we add photos and/or information. As a result, we now exceed the capacity of the DVD and a SD memory card is being introduced to allow us to expand without ever running out of space. If you have a digital camera, likely it uses a SD Card to store the photographs. The advantages include: the SD Card may be used with many of the new computers without CD/DVD drives, and a switch on the SD Card may be placed in the lock position to ensure the material is not accidentally erased. Shown from left to right: CD/DVD, Flash Drive and SD Memory Card with Case.

When the CD was introduced in 2002 it contained approximately 1800 photos and documents, and we suggested a \$16.00 donation and \$1.75 for postage and packaging. This donation amount was continued with the DVD even though it grew to approximately 9000 photos and documents. The SD memory card is more costly for us to produce and we are suggesting a \$25.00 donation and \$2.50 for postage and packaging. If your computer does not have a card slot, we have available an USB adapter.

The new SD Memory Card includes the following:

- A total of 14,500 Photos and documents
- 1974 Through 2017 Marble Rock Journals – Approximately 8000 pages, [pdf searchable](#)
- All Marble Rock High School Annuals ever printed (1949 – 1958), 584 pages, [pdf searchable](#)
- “Our Heritage” History Book Printed in 1976, 136 pages, [pdf searchable](#)
- Civil War Letters by Charles Thomas Ackley, 120 letters – 200 pages, [pdf searchable](#)
- Listing of Names on the Veterans Memorial to assist in finding name locations, 13 pages, [pdf searchable](#).

The use of Adobe Acrobat Reader allows pdf files to be searchable by word or phrase.

If you have one of the older CD/DVDs, we suggest you update! Also, they make nice gifts. See the order form enclosed. In addition, procurement of the SD Memory Card is a great way to contribute to the work of the Marble Rock Historical Society.

NOTE: Instead of a SD Card, we can provide a Flash Drive; however, the material can be accidentally erased whereas the SD Card has a lock switch. Suggested donation is the same

Marble Rock Historical Society – Januarys 23, 2018
